Centre revises list of commercial coal mines

ANUPAM CHATTERJEE New Delhi, June 30

RESPONDING TO MAHA-RASHTRA'S objection, the Centre has decided not to put up the Bander mine for commercial coal auctions.

"We are withdrawing the Bander mine in Maharashtra, which comes in an eco-sensitive zone," Union coal minister Pralhad Joshi told *FE*. Also, the government is considering to replace four mines with 20 million tonne per annum (MTPA) capacity in Chhattisgarh at the state government's request.

"In the spirit of co-operative federalism we want to take all state governments into confidence before taking action," Joshi added, pointing out that "before doing this exercise, eight consultation rounds had taken place with the state government officials, including Jharkhand, Chhattisgarh, Odisha, Madhya Pradesh and Maharashtra". The government on June 18 had launched the maiden auction for coal blocks, where private players can participate without

any end-use restrictions. This would also be the first set of coal assets to be auctioned off through the new market-determined revenue share model that replaced the fixed fee/tonne regime that turned off private investors.

Though the withdrawn Bander mine had a relatively smaller capacity of 2 MTPA, the blocks to be replaced in Chhattisgarh — Mogra South (6 MTPA), Mogra 2 (10 MTPA), Sayang (4 MTPA) and Madanpur North (4 MTPA) — were relatively larger, the kind investors are more at-

Among the mines offered, analysts expect fierce bidding for Odisha's Chendipada (40 MTPA) and Macchakatta (30 MTPA) blocks and Chhattisgarh's Gare Pelma IV/1 (6 MTPA) coal mine. The government believes that companies

will not face problems in procuring necessary clearances to start mining in the low and medium conservative zones.

"For high conservative zones, where around 15 mines are located, there will be more restrictions and miners will have to fulfil the additional conditions to get clearances," Joshi said. "However, permissions were given by earlier governments before 2014 for mining

in high conservative zones as well," the minister added.

The government expects positive industry response for the auctions as it believes it is offering attractive mines and also incentivising gasification, coal bed methane and liquefaction.

"We have also eased norms, where miners can get back their upfront payments through adjustments in the premium they will have to pay to the government over 4-5 years," Joshi said. Compared to the previous coal auctions held since 2015, after the Supreme Court had de-allocated 204 captive blocks, the initial response from the industry has been encouraging.

"Within a week of opening, 26 firms have already bought the tender documents which costs ₹5 lakh and ten companies want to visit the proposed sites, Joshi said.

The ministry has appointed KPMG to handhold companies for mine visits, documentation and other such procedures. "We are actively considering the idea of a coal regulator," the minister said.

Curbs on imports from China to hit smartphone production KIRAN RATHEE

New Delhi, June 30

SEVERAL CHINESE SMART-**PHONE** companies are staring at a production halt in their manufacturing facilities in the country as curbs on imports from China have impacted the supply of components. According to industry sources, most of the units are currently working at a production capacity of 20% and that too will come to a halt in the next few days if component shipments are not cleared expeditiously. The situation is not that bad for non-Chinese brands like Apple, Samsung as their shipments are being cleared. A growing anti-China sentiment among smartphone buyers is making matters worse. Several retailers across the country told *FE* that they were seeing an increasing number of people asking for non-Chinese smartphones, and with the ban on 59 Chinese apps, the demand would go further down.

"After the lockdown was lifted last month, there was a good demand for Chinese smartphones, primarily due to

Auto component sector may see 16% decline in revenue this fiscal: Crisil report

FE BUREAU Chennai, June 30

THE ALREADY STRESSED automotive component sector is expected to log 16% degrowth in revenue this financial year as the Covid-19 pandemic has disrupted the supply chain, crippling vehicle demand in domestic and overseas markets. This will add to the industry's pain from an estimated degrowth of 10% in its revenue to ₹3.2 lakh crore last financial year, Crisil Ratings said in its report on Tuesday. The projections are based

on an analysis of 300 Crisilrated auto component suppliers that constitute almost 40% of the sector's revenue. The reasons for this nega-

tive growth are not far to seek. First, the domestic automobile original equipment manufacturers (OEMs), which account for over two-thirds of the sector's revenue, are staring at a decadal low vehicle sales volume at 169 lakh units this financial year, stated Crisil Ratearlier analysis. Production schedule of OEMs will remain modest in the first two quarters of the fiscal and will recover gradually there-

Additionally, demand growth from exports and the

aftermarket, which together account for around one-third of demand, will also remain in the red this year. Muted demand sentiments in major export destinations will dent overseas trade, while lower vehicle usage and closure of automotive servicing workshops during the lockdown would affect aftermarket demand, the Crisil analysis said on Tuesday.

Crisil Ratings senior director Anuj Sethi said: "Possibly for the first time in over a decade, we are seeing demand from OEMs, exports and the aftermarket in the red this fiscal, in addition to demand slowdown for two consecutive years. Despite cost rationalisation measures and the highly flexible nature of cost struc-

tures, with 80% of costs being variable in nature, operating profitability will take a hit of up to 250 basis points (bps) for the rated portfolio. The impact on absolute operating profit will be almost 30-35%. This will add to the decline seen last fiscal, and impact cash flows."

Meanwhile, the credit ratio – the ratio of rating upgrades to downgrades - for Crisil's automotive components portfolio had already declined to 0.8 time in FY20 even before the onset of Covid-19. This was the lowest in the last six years and can be attributed to the tepid demand scenario and some postponement of domestic supplies due to preference for BS-VI compliant vehicles.

In FY2021, too, the credit

outlook for the industry is expected to remain moderately negative as the pandemic compounds slowdown woes.

According to Sameer Charania, director, Crisil Ratings, 'The only silver lining is the sector's prudent financial practices with respect to capital spending over the past few years, leading to well managed balance sheets. The average gearing for Crisil's sample set remains adequate at less than one time, and is expected to remain under control due to only need-based capital spending and a modest stretch in working capital."

Firms with component concentration to commercial vehicles and those which have undertaken large debt-funded expansion in recent times will be more vulnerable than more-diversified ones. While the Reserve Bank of India's moratorium on debt obligations for firms, and steps initiated to provide funding to micro, small and medium enterprises (including smaller Tier-II and Tier-III suppliers) may help overcome temporary cash-flow mismatches, recovery in demand, expected in the next fiscal, is critical for sustained improvement in the sector's financial health, the Crisil analysis pointed out.

tion in fish landings in the past few years.

The report mentions that as many as eight cyclonic storms in and around India, of which six turned out to be severe cyclones (Fani in April, Vayu in June, Hika in September, Kyarr in October, Maha in October-November and Bulbul in October-November) affected the fishing calendar days more adversely on the west coast of the country.

We expect the green shoots to start appearing somewhere around the end of Q2. The return of both customer and investor confidence should happen by the end of the Q2, as there is a pent-up demand that exists and is expected to play out as we approach stability. A large part of the demand may come in from the rural markets, as rural seems to be largely unaffected. That coupled with infrastructure and agri and related industries we expect will start witnessing the initial turnaround followed by the revival of consumer spending. The preference of personal transportation over public transportation may speed up the revival in two-wheeler and car segments in the post-Covid times. We have already started seeing banks proactively engaging with clients in key sectors critical for the revival of the economy and expect the trend to only increase as time progresses during the year. With an all-time low-interest rates prevailing in the country, and enough liquidity in the system lays the foundation for a post-Covid revival. While the

In the recent past, your parent - Ashok Leyland - has increased its stake substantially in your company by buying out PE investor. Your comments and necessity behind this?

We had the PE investment happening in 2013 with a 14% stake. A typical PE investment comes in with a 5-6-year horizon. While we did look at listing the company to raise capital & provide for an exit to the investor. On account of reasons beyond our control largely to do with the environment we were not successful. However, our parent/group found it appropriate to provide for an exit to the PE &

You have been planning to list your company for some time now. What happened to that plan? Are you still looking at listing?

the same has got worked out.

We did an attempt for an IPO twice, first in 2016, and then in 2018. However, in both cases post receiving approval from Sebi, events beyond our control led to markets go into a tailspin. In 2016 demonetisation happened and in 2018 IL&FS crisis happened. In this period, given our parentage & group lineage, growth was never compromised for the want of capital. In the last 18 months, we had ₹900 crore of primary capital being infused by our parent & shareholding entities of the group. We are an IPO ready platform & will be on the lookout for an appropriate window to list the company in the future.

Are you looking at raising funds from investors to meet your business requirements

this fiscal?

We will be looking at raising capital most likely in Q3 of the current fiscal. While the first port of call will be our parent & group. There seem to be quite a bit of interest wherein few funds have approached us and there are discussions happening on a bilateral basis. We are also mulling on the possibility to run a formal process by appointing a banker given the interest levels. While there is a good level of interest from external investors, for us the key would be the valuation, given the scale we have achieved, capabilities put into place and further growth aimed at, with the diversity we have consciously built in over the period.

Apart from automotive industry, are you looking at diversifying into other sectors to counter slowdown blues in auto industry?

Vehicle (all types) is a simple and effective tool for the customers to realise their aspirations of generating consistent income. Our expertise in originating, underwriting, managing, and partnering with such customers has helped us to tide over many a crisis in the past and therefore has been a time-tested model. The cash flow based funding is fundamental to our model, with the security being either a vehicle or an immovable property.

We are exploring various models including co-lending with smaller players or start-ups in the fintech space in line with the above philosophy & also looking at MSME & rural ecosystem. The government's thrust and the impetus were given by the recent policy decisions directionally augurs well for our plans as we move along.

Dear Sir. Re: Show Cause Notice for declaring M/s Waves and its Proprietor/ Guarantor as

Wilful Defaulters and Opportunity for Representation there against.

We refer to your captioned account and write to inform you that due to non-payment of interest/instalment, account turned to Non-Performing Assets in the books of the Bank on 29-08-2016.

We further write to inform you that as per the directions of the Committee of Executives on Wilful Defaulters of our Bank and on scrutiny of your account based on your acts of omission and commission, deeds/ documents and writings, performed /executed by the company/firm/borrower/guarantors, the company/firm and its Directors/ Partners/ Proprietor/ Guarantors be classified as Wilful defaulter as per guidelines of RBI on the following grounds:

 Mr Deepak Bhaichandbhai Gajjar has sufficient worth (Rs 11.67 crores) to repay bank's dues.

2. The unit is closed and the machinery is not available on the site.

Thus the unit has defaulted in meeting its payment/ repayment obligations to the lender even when it has the capacity to honour the said obligations and has also siphoned off or removed the movable fixed assets hypothecated to bank and given for the purpose of securing a term loan without the knowledge of the Bank.

In terms of RBI guidelines and to comply principles of natural justice, if you, desire, you may send your submission for consideration by the Committee of Executives, headed by our Executive Director within -15- days from the date of receipt of this letter as to why your account and you be not classified by Bank as a Wilful Defaulter. The Committee reserves the right to give or not to give the personal hearing to decide about classifying as wilful defaulter in case your submission is received.

Please note that, in case your submission against the intention of Bank to declare you as a Wilful Defaulter is not received within -15- days from the date of receipt of this letter, the Bank will proceed further and classify your account as wilful defaulter. Bank reserves the Right to publish the name and photograph of Wilful Defaulter in News Paper and will initiate the necessary recovery action as per extant guidelines issued by Reserve Bank of

This communication is issued as per the directions of the Committee of Executives on Wilful Defaulters (COE) Yours Faithfully,
