the quarter ended June 30, 2020. During the quarter ended June 30, 2021, the operations of the Group were affected due to impact of the second wave of COVID-19 pandemic. The Group has considered the possible effects that may result from the COVID-19 pandemic in the preparation of these unaudited financial results, including but not limited to the assessment of liquidity position and recoverability of carrying value of its assets comprising Property Plant and Equipment, Intangible assets, investments, inventories and trade receivables. In developing the assumptions relating to the possible future uncertainties in the global economic conditions because of this pandemic, the Group has, at the date of approval of these unaudited financial results, used internal and external sources of information and expects that the carrying amount of these assets will be recovered. Given the uncertainties associated with the nature, condition and duration of COVID-19, the Group will closely monitor any material changes arising out of the future economic conditions and its impact on the business of the Group.

At the time of transition to Indian Accounting Standards (IND AS) with effect from 1 April 2015, the Parent Company had recognised fair value of its land parcels in its books of accounts and recognised deferred tax liability on such fair Valued Land as Parent company expected sale of such land parcels on a piecemeal basis, delinked from the business. During the year ended March 31, 2021, the Parent Company has reassessed the expected manner of recovery of the carrying value of all land parcels and has now determined that a number of such land parcels would not be delinked from the business as they either form an integral part of the business operations or are proximate to the factory premises. Consequently, the Parent Company currently expects that in the event of disposal of most of the land parcels in future, these would only be disposed off along with the business and in a slump sale arrangement thereby resulting in no temporary difference between the accounting position and, position as per tax laws upon such future disposal. Accordingly, the Parent Company has reversed deferred tax liability amounting to ₹ 65.62 crores pertaining to such land parcels in the Statement of Profit and loss during the year ended March 31, 2021.

During the quarter ended on March 31, 2021, the Group has re-purchased its own Non-Convertible Debentures ("NCDs") at a face value of ₹ 100 crores. The Group currently is in the process of getting these NCDs extinguished with Debenture Trustee's and Stock Exchange's approvals.

Pursuant to the approval granted by the Union Cabinet on July 14, 2021 for continuation of Rebate of State and Central Taxes and Levies (RoSCTL) with the same rates (as notified on March 8, 2019) on exports of apparel and made ups, the Group has recognized the benefit of RoSCTL of ₹ 23.98 crores during the quarter ended June 30, 2021. Out of this, ₹ 13.23 crores benefit pertains to the eligible export sales of the quarter ended March 31, 2021. The textiles products that are not covered under the RoSCTL scheme are eligible for benefit under the Remission of Duties and Taxes on Exported Products (RoDTEP) scheme with effect from January 01, 2021. Considering that the rates of RoDTEP are yet to be notified, the Group has not accrued income relating to benefits of RoDTEP scheme for the period

from January 1, 2021 to June 30, 2021. The listed Secured Non-Convertible Debentures of the Group aggregating to ₹75 crore as on June 30, 2021 are secured by way of first pari pasu charge on certain identified property, plant and equipment of the Group whereby value of underlying assets exceeds hundred percent of the principal amount of the said debentures.

The figures for the quarter ended March 31, 2021 are the balancing figures between audited figures in respect of the full financial year and the unaudited published year-to-date figures upto December 31, 2020.

The company will however continue to closely monitor any material changes to future economic conditions and take appropriate risk

The Group has considered the possible effects that may result from the COVID-19 pandemic in the preparation of these unaudited financial results, including but not limited to the assessment of liquidity position and recoverability of carrying value of its assets comprising Property Plant and Equipment, Intangible assets, investments, inventories and trade receivables. In developing the assumptions relating to the possible future uncertainties in the global economic conditions because of this pandemic, the Group has, at the date of approval of these unaudited financial results, used internal and external sources of information and expects that the carrying amount of these assets will be recovered. Given the uncertainties associated with the nature, condition and duration of COVID-19, the Group will closely monitor any material changes arising out of the future economic conditions and its impact on the business of the Group. At the time of transition to Indian Accounting Standards (IND AS) with effect from 1 April 2015, the Parent Company had recognised fair value of its land parcels in its books of

the quarter ended June 30, 2020. During the quarter ended June 30, 2021, the operations of the Group were affected due to impact of the second wave of COVID-19 pandemic.

accounts and recognised deferred tax liability on such fair Valued Land as Parent company expected sale of such land parcels on a piecemeal basis, delinked from the business. During the year ended March 31, 2021, the Parent Company has reassessed the expected manner of recovery of the carrying value of all land parcels and has now determined that a number of such land parcels would not be delinked from the business as they either form an integral part of the business operations or are proximate to the factory premises. Consequently, the Parent Company currently expects that in the event of disposal of most of the land parcels in future, these would only be disposed off along with the business and in a slump sale arrangement thereby resulting in no temporary difference between the accounting position and, position as per tax laws upon such future disposal Accordingly, the Parent Company has reversed deferred tax liability amounting to ₹ 65.62 crores pertaining to such land parcels in the Statement of Profit and loss during the year

ended March 31, 2021. During the quarter ended on March 31, 2021, the Group has re-purchased its own Non-Convertible Debentures ("NCDs") at a face value of ₹ 100 crores. The Group currently is in the

process of getting these NCDs extinguished with Debenture Trustee's and Stock Exchange's approvals. Pursuant to the approval granted by the Union Cabinet on July 14, 2021 for continuation of Rebate of State and Central Taxes and Levies (RoSCTL) with the same rates (as notified on March 8, 2019) on exports of apparel and made ups, the Group has recognized the benefit of RoSCTL of ₹ 23.98 crores during the quarter ended June 30, 2021. Out of this, ₹ 13.23 crores benefit pertains to the eligible export sales of the quarter ended March 31, 2021.

The textiles products that are not covered under the RoSCTL scheme are eligible for benefit under the Remission of Duties and Taxes on Exported Products (RoDTEP) scheme with effect from January 01, 2021. Considering that the rates of RoDTEP are yet to be notified, the Group has not accrued income relating to benefits of RoDTEP scheme for the period from January 1, 2021 to June 30, 2021.

Pursuant to nationwide lockdown imposed by the Government of India due to COVID-19, the Group's manufacturing facilities ar	d operations w	ere shut dow	n for some p	eriod during

the quarter ended June 30, 2020. During the quarter ended June 30, 2021, the operations of the Group were affected due to impact of the second wave of COVID-19 pandemic. The Group has considered the possible effects that may result from the COVID-19 pandemic in the preparation of these unaudited financial results, including but not limited to the assessment of liquidity position and recoverability of carrying value of its assets comprising Property Plant and Equipment, Intangible assets, investments, inventories and trade receivables. In developing the assumptions relating to the possible future uncertainties in the global economic conditions because of this pandemic, the Group has, at the date of approval of these unaudited financial results, used internal and external sources of information and expects that the carrying amount of these assets will be recovered. Given the uncertainties associated with the nature, condition and duration of COVID-19, the Group will closely monitor any material changes arising out of the future economic conditions and its impact on the business of the Group.

At the time of transition to Indian Accounting Standards (IND AS) with effect from 1 April 2015, the Parent Company had recognised fair value of its land parcels in its books of accounts and recognised deferred tax liability on such fair Valued Land as Parent company expected sale of such land parcels on a piecemeal basis, delinked from the business. During the year ended March 31, 2021, the Parent Company has reassessed the expected manner of recovery of the carrying value of all land parcels and has now determined that a number of such land parcels would not be delinked from the business as they either form an integral part of the business operations or are proximate to the factory premises. Consequently, the Parent Company currently expects that in the event of disposal of most of the land parcels in future, these would only be disposed off along with the business and in a slump sale arrangement thereby resulting in no temporary difference between the accounting position and, position as per tax laws upon such future disposal. Accordingly, the Parent Company has reversed deferred tax liability amounting to ₹65.62 crores pertaining to such land parcels in the Statement of Profit and loss during the year

During the quarter ended on March 31, 2021, the Group has re-purchased its own Non-Convertible Debentures ("NCDs") at a face value of ₹ 100 crores. The Group currently is in the process of getting these NCDs extinguished with Debenture Trustee's and Stock Exchange's approvals.

Pursuant to the approval granted by the Union Cabinet on July 14, 2021 for continuation of Rebate of State and Central Taxes and Levies (RoSCTL) with the same rates (as notified on March 8, 2019) on exports of apparel and made ups, the Group has recognized the benefit of RoSCTL of ₹ 23.98 crores during the quarter ended June 30, 2021. Out of this, ₹ 13.23 crores benefit pertains to the eligible export sales of the quarter ended March 31, 2021. The textiles products that are not covered under the RoSCTL scheme are eligible for benefit under the Remission of Duties and Taxes on Exported Products (RoDTEP) scheme with

effect from January 01, 2021. Considering that the rates of RoDTEP are yet to be notified, the Group has not accrued income relating to benefits of RoDTEP scheme for the period from January 1, 2021 to June 30, 2021. The listed Secured Non-Convertible Debentures of the Group aggregating to ₹75 crore as on June 30, 2021 are secured by way of first pari pasu charge on certain identified property,

plant and equipment of the Group whereby value of underlying assets exceeds hundred percent of the principal amount of the said debentures. The figures for the quarter ended March 31, 2021 are the balancing figures between audited figures in respect of the full financial year and the unaudited published year-to-date

figures upto December 31, 2020.
